

9/17

Coordinate plane — points of plane (flat surface),
two number lines, meet at right angle (axis),
that point is (0, 0).

X = independent
Y = dependent (2nd)

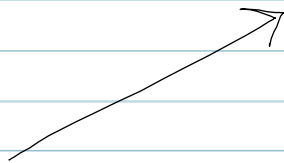

$$y = x + 2$$

$$26 = 24 + 2$$

If
($x = 24$)

function

$$y = x + 2$$

input	output
X	Y
4	6
5	7
6	8
